STATE : WEST BENGAL

INDUSTRY : COAL

AWARD

Over the stopping of work of one Radhu Dom (hereinafter referred to as the said Employee), with effect from July 1, 1985, by the Management of Sodepur Central Workshop of M/s. Eastern Coalfields Ltd. (hereinafter referred to as the said Management), a dispute was referred for adjudication before this Tribunal, by Government Order of Reference No. L-19012/39/86-IV(B) dated December 31, 1986, under Section 10(1)(d) and (2A) of the Industrial Disputes Act, 1947 hereinafter referred to as the said Act).

2 On usual notices being served, the parties to the dispute, duly entered appearance and completed their pleadings and had both oral and documentary evidence in support of their respective claims and contentions.

3 The case of the said employees was represented by the West Bengal Khan Mazdoor Singh (hereinafter referred to as the said Union) and they in their written statement filed on February 3, 1987, claimed that stoppage of work to the said employee by the said Management was wrongful, illegal, apart from being arbitrary and whimsical and his superannuation was made on the basis of recordings in the

records of the said Management, which were subsequently prepared and manufactured in 1976 i.e. after Nationalisation of the Coal Industry, which was on May 1, 1973, discarding and without considering the old statutory service records of the said employee, whose his date of birth, was recorded as August 28, 1927 Exhibit W-1, by the erstwhile owners. This identity card, containing a photograph of the said employee, was claimed to have been maintained by his erstwhile employer, showing his date of birth as August 27, 1957 and maintained on the basis of statutory 'E' or 'B' Form Registers under or in terms of the Mining Rules or on the basis of declarations made and maintained in the office of Coal Mines Provident Fund Commissioner. It has been alleged that the said Management issued a New Identity Card (Exhibit M-2) wrongly recording the year of birth as 1925 instead of 1929.

4. It is an admitted fact that the age of superannuation in this case was 60 years and the said Management claimed that as such, the said employee was due to be superannuated in 1985, and he attended such age of July 1, 1985 and that too, in terms of or in accordance with the existing practice and procedure of counting the age of superannuation, as on the first day of July of the year, if there is no mention about his exact date. As indicated earlier, the said employee's case was that his year of birth was 1929 and as such, it was claimed that the said Management, should not have superannuated him before 1989. He further claimed that recording of his date of birth as 1925, was against principles of natural justice, as, he was not given any opportunity, to have such wrong recording disputed, before the same was made. It was alleged that the authentic record of the said employee's recording of date of birth should be the records as received from Bengal Coal Co. Ltd., and which is in the custody of the said Management, and the same has been wrongly withheld.

5. As such, it has been claimed that the said employee, be allowed to resume his work and be paid all his wages and other benefits, for the period of his forced idleness from July 1, 1985 till the date of resumption of his work or upto June 30, 1989, on holding that the impugned act or action was illegal. One thing should be noted here that even on accepting the said employee's year of birth as 1929, he has retired during the course of this proceedings.

6. In their written statement dated April 26, 1988, the said Management claimed the Reference to be void, illegal, not maintainable and inoperative, as (i) the said employee's name was not there in the list of workers, rather, there was no worker in the name of Radhu Dom, although there was a worker by the name of Radhu Dom, who was superannuated with effect from July 1, 1985, on attaining the age of 60 years, as per his contract of service and terms of employment and (ii) when the said employee's service came to an end automatically, on duly reaching the age of superannuation. The first part of the preliminary objection, I feel, has no substance, since not only the said employee WW-1 has deposed that he was also called Radhu and as such fact also was supported from Exhibits W-1, W-2 W-3 and M-3, which were addressed to him by the Agent of the said Management and so also from Exhibit M-1. It should be noted that if the said employee's service was duly superannuated, is a question to be decided in this proceedings and as such, I feel that the preliminary points as raised, cannot be sustained.

7 Regarding the employment of the said employee his posting on promotion and the Nationalisation of the Colliery, there was no dispute. The dispute really rested round the recording of the date of birth viz whether the same should be 1925 or 1929. From the recitation of the facts as earlier, the cases of the respective parties, would be apparent.

8 It has been indicated that the erstwhile employer of the said employee was maintaining a Form 'B' Register under the Mines Act, which was received by the said Management and that Register contained all the particulars of the said employee including his address age date of birth and date of appointment, duly attested by him, as required. It has been stated that his age at the time of appointment on December 4, 1944, was indicated as 1925 and as, he has admitted such recording, so in terms of Section 17 of the Evidence Act, the inference should be otherwise than what he is claiming now and he will be bound by such admission

and cannot be allowed to resile from such admission. It was the case of the said Management, after Nationalisation, they prepared a new Form 'B' Register relating to the employees and the entries as made, were read over to the employees concerned and on such, they were required to affix their thumb impression/signature and in this case, the said employee signed in Bengali, as would appear from Exhibit M-1, and thereby admitting again, that the entries including date of birth, were correctly made/recorded.

9. It has been stated that the said Management introduced the system of issuing identity cards to their employees after the Nationalisation and the entries made thereunder, were the same as appearing from the Form 'B' Register, as received and in the identity card issued to the said employee, being Exhibit M-2, his date of birth was duly mentioned as 1925 and that card was in his custody all throughout and he well knew the entries therein, including his date of birth, as shown. It has further been indicated that no person below the age of 18 can be employed and it has been ascertained that the said employee entered the services at the age of 19. But, even in spite of the above admitted facts, the said employee, in 1985 i.e. practically at the end of his tenure, for the first time, raised the present controversy regarding his date of birth and as such, on June 23, 1985, he was referred to the Medical Board/Age Assessment Committee, with due intimation, alongwith some other employees, for ascertaining the truth and genuine position. The said Management has said that on such, the said employee was to be thoroughly examined, with all and every opportunities to establish his case, but he did not turn up and deliberately avoided appearing before the concerned board. The fact of the above interim action will appear from Exhibits M-3 and M-4, which were marked after having the formal proof dispensed with. As such, it has been suggested that there was no illegality or any irregularity, in having the said employee superannuated and such action was taken with due justification and that being the position, there was no basis for the allegations regarding stoppage of work of the said employee and in fact, the said employee, as per records, had acted for more than 60 years and if not for other reasons, the Reference should be rejected on that ground alone.

10. In their rejoinder dated June 27, 1988, apart from indicating and reiterating the facts as stated earlier, the said Union has denied all the material allegations as raised on behalf of the said Management.

11. The evidence of WW-1 is explicit to the extent that he was called at Kadhu Dom and he was appointed in 1945, as an apprentice in Bengal Coal Company and thereafter, gradually, he worked his way upto the Assistant Foreman of the said Management and he is illiterate. He produced the two Identity Cards Exhibits W-1 and W-2, but was not aware that was his date of birth recorded there. But, he said that his year of birth was 1929 and not 1925 as claimed. He has said that the particulars of Exhibit M-1, were not read over to him. But, he could not deny, to have subscribed his signature, of course, he has put in some defence for such signing. He agreed that the Form 'B' register was filed up with reference to the records of his erstwhile employer and he duly received Exhibit W-2, from the said Management, after filling up the same in the manner as indicated and this Exhibit was lying with him and he also agreed that in Exhibit W-2, his year of birth was recorded as 1925. Further, apart from Exhibit W-1, he has stated that he has no other evidence to prove his year of birth as 1929. He could not even produce his letter of appointment from his erstwhile employer. The photograph in Exhibit M-2, the witness stated to be his and after Nationalisation, the said Management had issued identity card to all their employees. WW-2 was an employee of the said Management. He has said to have known WW-1. I think the evidence of WW-2 will not be very material for this proceedings.

12. MW-1 stated, to have known the said employee. As such also, I feel that the preliminary point regarding the identity of the said employee, as indicated earlier, will lose all its efficacy. He produced Exhibit M-2, where the year of birth of the said employee has also been shown to be 1925, apart from producing Exhibit M-1, the Form 'B' Register. From the evidence of this witness, it will appear that the said employee was referred for Medical Examination, regarding his age/year of birth, but as indicated earlier, he

did not appear. He stated that corresponding and supporting records were available in the office and if asked, they can be produced. The production of these supporting documents were not asked for by the said Union.

13. After placing the relevant facts, Mr. Murthy, appearing for the said Management submitted that when the said employee has admitted the entries in Exhibits M-1 and M-2 and has not lead any evidence contrary to these entries and furthermore, in Exhibit M-1, he has made admission of the entries by signing and without raising any objection, until at the fag end of his service in 1985, so, the claim as raised, at such a belated stage, should not be acceded to, but the same should be rejected. It should be noted that Exhibit M-2 was taken in evidence on dispensing with the formal proof.

14. Mr. Mitra, appearing for the said employee submitted that Exhibit W-1 as issued by the erstwhile employer viz. Bengal Coal Co. Ltd., if read and considered alongwith the Provident Fund records, the year of birth of the said employee would be established as 1929 and not 1925. He submitted that it is true that the Form 'B' Register was signed by the said employee, who was illiterate and since there was no evidence that the entries therein, were read over and explained to him, no reliance should be placed on the entries therein. He further submitted that Exhibits M-7 and M-8 were not duly proved and similarly, it was not established, who prepared Exhibit M-1. Such being the position, it was submitted by Mr. Mitra that no reliance can or should be placed on them. Since the year of birth in Exhibit M-2 has been entered in different ink, Mr. Mitra claimed such entry, not to have been made bona fide.

15. On the basis of the submissions and evidence as recorded earlier, I am of the view that the said employee has not been able to rebut the validity and the recordings of his date of birth, by any cogent legal evidence and his act or action in raising the dispute with regard to the recording of the year of birth, admittedly, at such a belated stage or at the fag end of service, in terms of the observations amongst others, in the case of Steel Authority of India Ltd. vs. Industrial Court, Indore & Ors., 1987 Lab. I.C. 579, cannot be accepted or acted upon and relied on or deemed to be justified.

16. As such, this Reference cannot be answered in the affirmative and the same should be rejected. I order accordingly.

This is my Award.

AWARD

One Bineswari Chamar, who died in harness on August 27, 1985 at the Central Hospital, Kalla, has been claimed to be working as a Wagon Loader at Bhanora Colliery of Messrs Eastern Coalfields Limited, Since 1972.

2. It has been stated that she was a "workman" and was covered under the Coal Wage Board's Recommendations and her conditions of service and terms of employment were governed by the National Coal Wage Agreement-III, which, in Clause 9.4.2 postulates some beneficial service conditions for workmen dying in harness and in terms thereof, it has been stated that the son of the deceased, perhaps Sri Surender Chamar, filed an application for necessary benefits on January 27, 1986 to the employer. This application has not been produced in this proceedings.

3. It was also alleged that there was denial by the employers in giving the necessary benefits to the dependant son in terms of clause 9.4.2 as aforesaid and as such, the present dispute, regarding the validity or otherwise of the action of the management has been referred for adjudication before this Tribunal by the appropriate government by Order No. L-19012(158)/86-D. IV(B) dated 10-8-1987.

4. On such facts, it has been claimed that the said dependant son of the deceased, was entitled to the benefits of the said Clause 9.4.2, which has been wrongfully, irregularly and illegally refused to him.

5. In their written statement, the employers have taken preliminary objections regarding the maintainability of the reference, as according to them, the employee, who died in harness, was a casual labour and as such, either she nor any of her heirs could claim the benefits under section 2(K) of the Industrial Disputes Act 1947, as the said employee could not be considered as a workman under the Act and furthermore, when there was no relationship of employer and employee between the said claimant and the management.

6. It was further indicated that even under clause 9.4.2 as aforesaid, the claimant could not legally maintain his claim since he has not been able to prove his case of heirship legally or otherwise. It was also indicated that such casual Wagon Loaders, as the deceased employee was employed for meeting the requirement of the management for service of Wagon Loaders over and above regular and permanent Wagon Loaders and conditions under which they are appointed as such, have been mentioned in paragraph 13 of Chapter-XV at page 154 of Volume-I of Central Wage Board for Coal Mining Industry. Such recommendations were indicated by Mr. Murthy, to be a non-statutory one and they have no legal effect since the Central Government has not accepted them.

7. There was a rejoinder filed by and on behalf of the employee concerned but strangely enough, the material statements as contained in paragraph 6 of the employers Written statement have not been categorically and appropriately denied.

8. From the order sheet, it will appear that initially there were appearance entered by and on behalf of the Union, representing the claimant and some documents through an application dated January 9, 1989 were filed. Thereafter, the employers have filed their available documents and even inspite of due service, the concerned Union or representatives have not taken appropriate steps to represent the said Union or the case of the applicant. In fact, at the time of hearing of the proceedings today also, inspite of due receipt of the notice, nobody appeared for the Union or the said workman.

9. The submissions of Mr. Murthy that there was no industrial dispute or the applicant concerned, could not be claimed to be involved in this reference, as there was no community of interest with the other employees, I think, on consideration of the definition of Industrial Dispute and workman, have no substance.

10. It is true that Clause (i) of paragraph 9.4.2 as mentioned earlier, has not mentioned about permanent or casual employees. But, even then, the submissions of Mr. Murthy that since the employee dying in harness was a casual workman and could not claim any permanency as a matter of right, so her heir, on her death, cannot also reasonably claim for any permanent employment. A part from the above, it should also be noted that the fact that the applicant for any permanent employment. A part from the legally or beyond any reasonable doubt, as neither the Union nor the employee has tendered any evidence and proved the application dated January 27, 1986, as mentioned earlier.

11. Mr. Murthy of course, in support of his submissions referred to several celebrated decisions as mentioned in paragraphs 2(b) and 3(a) of the written statement of the employers but I think, since the initial onus to establish the character of the applicant as heir of the deceased employee has not been established, so I am not required to consider these judgements or the applicability of them in this case. It should further be noted that the employers also, in view of the fact that no evidence was tendered by the applicant, elected not to tender any oral evidence, but they only produced certain records, xerox copies where of, are kept with the file.

12. For the views as expressed, I think the Reference cannot be answered in the affirmative and in favour of the workman.

This is my Award.

AWARD

1. The Central Government Ministry of Labour, vide its notification No. L-41012/156/89-D.2(B) dt. 18-7-90, has referred the following dispute for adjudication to this Tribunal :—

“Whether the D.R.M. Northern Rly., Lucknow was justified in terminating the services of Sri Rajesh Kumar S/o Sri S.K. Srivastava who was working as porter at Magadwara Station w.e.f. 19-7-85 and also retained juniors? If not what relief the workman was entitled to?”

2. In the instant case management filed written statement on 23-11-91, thereafter, the case came up for filing of affidavit evidence on behalf of the Union on 8-1-92, 18-2-92 and 28-4-92. On 28-4-92 the case was adjourned to 18-6-92 on the oral prayer of the authorised representative for the Union.

3. On 18-6-92 none appeared on behalf of the Union nor affidavit evidence in the case was filed. The Union despite availing of several opportunities failed to file affidavit evidence in the case as such it appears that the Union is not interested in prosecuting the case.

4. Therefore, in view of the above, a no claim award is given in the case.

AWARD

1. The Central Government, Ministry of Labour, vide its notification no. L-41012/6/90 I.R.D.U. dt. 21-10-90, has referred the following dispute for adjudication to this Tribunal :—

“Whether the action of Sr. D.M.E. Northern Rly. Lucknow in termination the services of Sri Arjan Kumar son of Sri Chandra Bhal, substitute cleaner w.e.f. 5-9-81 is justified? If not, to what relief the workman was entitled to?”

2. The instant case was taken up for the cross examination of the Union witness on 18-6-92, but neither the witness of the Union turned up nor the authorised representative. Km. Suman Gupta, appeared on behalf of the management. I may observe here that 18-6-92 was the 6th date in the case for the cross examination of the Union witness, but Union failed to put in its appearance in the case.

3. From the above, it appears to me, that neither the Union nor the workman is interested in prosecuting the case. Therefore, a no claim award is given in the case.

4. Reference is answered accordingly.

1. The Central Government, Ministry of Labour, vide its notification no. L-41011/3/91-IRDU dt. 27-9-91 has referred the following dispute for adjudication to this Tribunal :—

Whether the action of the management of Northern Rly. Lucknow in not regularising the services of S/Sh. Harish Kumar Shukla, Girish Chand, Maheh Chand Yadav, Murari Lal, Umashanker, Ram Shanker Pandey and Shooab Akhtar as I. T. I. substituted in Loco Shed Northern Rly. Faizabad after completion of 120 days is justified? If not, to what relief is the workmen concerned entitled?

2. In the instant case 25-11-91 was the first date for filing of claim statement. Last date was 16-4-92. In two months period he could have prepared the statement of claim and got it filed. With this observation the application for adjournment was rejected by me on 18-6-92 which was moved by the Union.

3. Thus from the above it appears that the Union is not interested in prosecuting the case any more. Therefore, a no claim award is given in the case.

2. In the instant case on 8-1-92, the Union's application for adjournment was allowed with the specific direction to the effect that although there do not exist sufficient grounds, in the interest of justice time till 18-2-92 is allowed for filing affidavit evidence as last opportunity. Despite that on 18-2-92, 16-4-92 none appeared in the case nor affidavit evidence was filed in the case by the Union. On 16-4-92 case was ordered to come up on 18-6-92 but on 16-6-92 neither any one appeared in the case from the side of the Union nor affidavit was filed.

3. It therefore appears from the above discussion that neither the workman nor the Union is interested in prosecuting the case. Therefore, a no claim award is given against the Union/workman.

SUPPLEMENTARY AWARD

As per Order No. L-42011/81-D.II(B) dated 5-3-1987 the Government of India have referred this Industrial dispute for adjudication to this Tribunal.

2. Altogether five issues have been referred for adjudication. After considering the contentions advanced by both sides and evidence adduced before this Tribunal, by award dated 12.12.1988 this Tribunal allowed issue numbers 2 to 4 in favour of the workmen and negatived the claim under issue No. 1. Both sides challenged the award passed by this Tribunal before Central Administrative Tribunal Ernakulam (CAT for short) as per OA No. 403/89 and OA No. 94/90. The CAT as per decision dated 31.8.1990 quashed the award of this Tribunal so far as it relates to issue No. 1 and a portion of issue No. III with regard to claim of uniform and directed this Tribunal to consider these claims afresh. That is how this matter is now before this Tribunal.

3. I shall summarise below issues numbers I and III.

I. "Whether the Director of the Government of India Production Centres, Ettumanoor was justified in fixing 36 Helper Mistries recruited in 1971-72 as mistries at minimum of the scales, 110-155 after one year of their service in the lower scale, or whether they should have been given a higher start in the scale as per their appointment orders? If so, what should be?"

III. "Whether the demand of Helpers under the Director Government of India Production Centre, Ettumanoor for quasi-permanency, confirmation, provision of uniforms, gratuity, pension and other service benefits applicable to regular employees is legal and justified? If so, to what extent and subject to what conditions?"

Issue No. 1. The case of the union is that 36 permanent posts of mistries in the scale of Rs. 110-155 was lying vacant at Government of India Production Centre, Ettumanoor (Production Centre for Short) which was created by Government of India. The Director of Production Centre (the Director for short) requested the Employment Exchange specifying the post, qualification etc. and the exchange sponsored various candidates and 35 persons were selected as mistries (Class-III), Group C post. But offered a lower post of helper mistry (Class-IV) Group D in the scale of Rs. 75-95. Further case is that there was an undertaking to give a higher start in the scale of Rs. 110-155 after seeing their performance for a few months. According to the union the appointment orders issued are not in accordance with the instructions of the Government of India. These persons continued for one year and they were appointed in the scale of 110-155. The case of the union is that the Director is not competent to create a post, re-designation and de-grading of these workers as helper mistry (Class-IV) is unjust and

illegal since no such power has been delegated to the Director. Further contention is that the Director violated employment Exchange Act, 1959, violated instructions regarding alteration and conditions of recruitment and service, violated Government of India, Ministry of Finance circular dated 1-6-1962, not obtained prior concurrence of Ministry of Finance for lowering the qualification etc. According to the management the Director in exercise of the powers vested in him as the appointing authority rightly appointed this helper mistries and under GFR 77 the appointing authority may make excess post in a lower scale of pay to a post carrying higher scale of pay. GFR 77 reads thus :

"In the case of non-gazetted establishments divided into separate units or cadres carrying different scales of pay, an authority competent to make appointments in that establishment on both units or cadres may make excess appointments in a lower unit of cadre against equal or greater number of vacancies left unfilled in the higher unit or cadre."

4. The post of mistries and helpers are two units of the cadre and Director of Production Centre was the appointing authority. It is not disputed that the appointment was in a non-gazetted establishment. It is also not disputed that as per memorandum No. 25 SSI(c)(13)/62 dated 18-9-1962 in Ext. M10 Award of Industrial Tribunal Madras and M8 judgment of the High Court of Kerala and in the argument notes filed this Tribunal on behalf of management, the President of India delegated the powers to make appointments to Class IV post and Class III post where the scale of pay does not exceed Rs. 300/- P.M. The Director of Production Centre as empowered as stated above offered appointment to the candidates who were called for interview as is evident from Ext. W2. The scale of pay of Rs. 75-95 is clearly stated. It was also offered to give a higher scale of Rs. 110-155 after seeing the performance of few months. Ext W2 also refers the terms and conditions of appointment. This offer was accepted by all the workers who are now before this Tribunal. Ext M1 is one of the undertaking of acceptance submitted by Sri. K. K. Madhavan Nair. All the 36 helper mistries accepted the offer of appointment and reported for duty. It is true that the workers were called for interview for the post of mistry in the pay scale of Rs. 110-155 as is evident from Ext. W1. But the offer of appointment was to the post of helper mistry in the pay scale of Rs. 75-95 which was accepted by the 36 persons and reported for duty and continued there without raising any objection. Since there was an offer and acceptance and also that there was no legal defect in the order of appointment, it is not upon to the workmen to contend that the Director had no power to make such appointment. If the Director had no power to appoint helper mistries as contended by the union, the result would be that the workers were not validly appointed to any post. The Director in exercise of the power delegated to him for appointment of Class III and Class IV post appointed helper mistries and watched their performance and then appointed them as mistries. It was specifically stated in the order of appointment that higher start would be given and after one year all 36 workmen were given the pay scale of Rs. 110-155. It may be recalled that on behalf of 34 mistries their association had adjudicated the same matter before the Industrial Tribunal Madras in I.D. 3/74 and I.D. 27/74 and that Tribunal rejected the claim of the workers. That finding was confirmed by the High Court of Kerala in OP-4228/75 and writ appeal No. 83/77.

5. The appointment of helper mistries is an appointment of Class IV post in the scale of pay below Rs. 300 P.M. and these are posts in a lower cadre than the mistries in Class III post. Both these cadres are in the establishment. Therefore there cannot be any violation of delegation of financial powers. The post of helpers is in existence and therefore the appointment of helper mistries does not amount to creation of a post. The persons were selected as helpers for appointing them in the post of mistries in future and they were so appointed also. But it does not amount to redesignation or de-grading of the post. There is no alteration in the condition of recruitment or service. There was no lowering of the qualification also. So there is no violation of O.M. No. F28(1) EF1/88 dated 12-7-1958. These persons were not fixed in a lower scale but offered the helpers post

with undertaking to give higher start watching their performance. Subsequently they were given higher start and the post of mistries. So the question of lowering the scale of pay does not arise.

6. The terms and conditions of appointment were also not changed. After interview these workers were kept under senior mistries for one year as under study and those who were found satisfactory were regularised as spoken to by MW2. MW2 has further deposed that these workers were doing operations of machines and by putting them as helper mistries it was intended to enable them to attain the capacity to handle the machines independently. After watching their performance for one year they were regularised as mistries. This arrangement was worked out exercising the administrative discretion available to the appointing authority under the existing rules. Therefore the question of violating Employment Exchange Act, 1959 or any other rules does not also arise. Now the contention that in Exts. W3 and W4 these persons are described as mistries and therefore that proves that these persons are working as mistries from the date of appointment. But that was clarified by MW2 who issued Exts. W3 and W4 that it was a mistake and the purpose of their appointment was to learn job of mistries. Therefore Exts. W3 and W4 does not prove that these workers were working as mistries from the date of appointment.

7. From the above discussion it is clear that there is no merit in the contentions advanced by the union under issue No. I. There is no illegality, injustice or violation of the principles of natural justice in the process of selection and appointment of these workmen as mistries. These workmen were appointed by their written consent only. Having accepted the offer of appointment without any objection whatsoever and joined duty and continued there, these workers cannot now turn round and contend that process of selection was illegal and the management has violated rules and circulars. There are no justifiable reasons to hold that the Director Production Centre has violated any rules or directions of the Government of India. The result is that the workers are not entitled to any relief as claimed under issue No. I.

8. The next claim of the union is regarding uniform and washing allowance which is included under issue No. III. According to the union the persons working in industrial establishment are provided with two sets of uniform in an year and are granted with washing allowance. Since the workers in this case are appointed in Class IV category, they are entitled to get two sets of uniform and washing allowance according to the union as per Annexure-III to Government of India, Ministry of Home Affairs, OM No. 5/458-Public-II dated 27-2-1962. It is opposed by the management mainly on the ground that these workmen are not eligible for uniform as per "Hand Book of Uniform of Gr. C and D Employees" since issue of uniforms to Government of India employees is regulated by this book issued by Government of India. According to the management skilled workers and helpers are eligible for Aprons as per Ext. M3 letter dated 6-6-1985. The claim of uniform has already been considered and rejected by the Industrial Tribunal, Madras in I.D. 3/74 and 27/74 as is evident from Ext. M10 award. The learned counsel for the union argued that these workers are entitled to get uniform as per Annexure III to Government of India circular dated 27-2-1972 mentioned above. But it is evident from pages 52 and 53 of Hand Book of uniforms mentioned above the workers in question are not included in the category of employees who are eligible for uniforms in Class III and Class IV employees. Further, as per Ext. M3 order they are eligible to get Aprons. No evidence is forthcoming in support of the claim of uniform. WW1 has stated that the workers are eligible for uniform and that they are entitled to get uniform allowance. It is also stated that workers handling machines and chemicals are eligible for uniforms as per rules. But no such rules as stated in the claim statement were brought to the notice of this Tribunal. There is also no evidence to show that similar category of workers in other establishments are getting uniforms. WW1 has not spoken a word about any establishment supplying uniform to similarly placed employees. MW2 has categorically denied the claim of the workmen which is supported by the Hand Book of uniforms and Ext. M3 order. Since the union failed to establish the eligibility of the workers for uniform and washing allowance under

any statute or rules as against the documentary evidence of management mentioned above, the present claim is only to be rejected. I do so.

9. In view of the above discussion, I hold that the claim of the workers under issue No. I and the claim of uniform and washing allowance under issue No. III are devoid of merit and unsustainable. The workers are therefore not entitled to any relief.

An award is passed accordingly.

AND

The Assistant General Manager, Union Bank of India,
Hotel Awadh Clark 8 Mahatma Gandhi Marg,
Lucknow.

AWARD

1 The Central Government, Ministry of Labour, vide its notification no. L-12012/231/91-I.R. B-2 dt. nil has referred the following dispute for adjudication to this Tribunal :—

"Whether the action of the Deputy General Manager Union Bank of India Lucknow in refusing the claim of Sri Rafiullah Part time Sweeper for his regularisation within the terms of Circular no. 2188 dt. 20-8-80 is justified and legal? If not, to what relief is the workman entitled to?

2. In this case reference order from the Ministry was received on 4-2-92 where upon dt. 30-3-92 was fixed for filing of the statement of claim and a registered notice to this effect was sent to the parties intimating the date as 30-3-92. On 30-3-92, Sri Rajesh Pandey appeared on behalf of the management but none appeared from the side of the workman nor statement of claim was filed in the case. Whereupon the case was ordered to come upon 14-5-92 with the direction to issue a fresh notice to the workman. Despite issue of notice none appeared on 14-5-1992 in the case nor filed statement of claim.

3. Therefore, from the above it appears that the workman is not interested in prosecuting the case. As such a no claim award is given in the case against the workman.

4. Reference is answered accordingly.

Dated, the 18th June, 1992

AWARD

By Order No. L-12012/182/90-I.R. (B-2), dated, the 11th December, 1990, the Central Government in the Ministry of Labour, has, in exercise of the powers conferred by clause (d) of sub-section (1) of section 10 of the Industrial Disputes Act, 1947, referred the following dispute for adjudication to this Tribunal :

"Whether the claim of Bank of India Employees Congress (Bihar State) that Shri Suresh Chandra Prasad, Cash-Cum-Accounts Clerk in Ajwan Branch performed duties of Agricultural Assistant from April 84 to April 89 and is therefore entitled to special allowance attached to the post of Agricultural Assistant is justified ? If so to what relief the workman is entitled ?"

2. The case of the concerned workman, as disclosed in the written statement submitted on his behalf by the sponsoring union, Bank of India Employees Congress (Bihar State), details apart, is as follows :

Suresh Chandra Prasad, Cash-cum-Accounts Clerk was employed at Ajwan Branch of the Bank of India permanently in the year 1984. The post of Agricultural Assistant was created at Ajwan Branch in 1984. Shri Prasad had officiated against the permanent post of Agricultural Assistant from April, 1984 till 1989 when a permanent-incumbent joined there. Clause 9.11(a) of the 1st Bipartite Settlement dated 19-10-66 reads as follows :

"If a workman other than subordinate staff officiates in a post in a high cadre for a period of 10 days or more, he shall be paid an officiating allowance for the period for which he officiates."

Shri Prasad performed the duties of Agricultural Assistant in addition to his routine duties of Cash-cum-Accounts Clerk which is to assist in the bank's lending and/or operations for agricultural development and/or financial assistance to small enterprises. To distribute and collect application forms and assist the farmers/small borrowers in filling up forms etc. The request for payment of officiating allowance was delayed on the pretext of one or another till 1989. Anyway, the Bank had paid for a period of 4 days instead of a period of 5 years. The Bank has paid Agricultural allowance for the entire period to Brijraj Singh of Patna Branch in similar situation due to union affiliation. It is necessary to examine whether Agriculture Department of Ajwan Branch has functioned only for a period of 4 days to meet the needs of the farmers since April, 1984 to April, 1989. The concerned workman has been victimised and discriminated against and in the circumstances, the union urged upon this Tribunal to deliver judgment.

3. The management of the Bank has contested the demand of the union.

The case of the management, as appearing in the written statement submitted, is that Suresh Chandra Prasad was Cash-cum-Accounts Clerk, but he was not an Agricultural Assistant. He was not having the background of Agricultural Science to assign him duties of Agricultural Assistant. Clause 9.10 and 9.11 of the Bipartite Settlement dated 19-10-66 provides as follows :

"Clause 9.10 : Whenever a Bank require a workman to officiate in post in a higher cadre, it will do so by an order in writing.

Clause 9.11 : If a workman other than subordinate staff officiate in a post in a higher cadre for a period

of 10 days or more, he shall be paid as officiating allowance for the period for which he officiates."

Suresh Chandra Prasad joined the services of the Bank on 9-4-1984. He was neither assigned nor performed the duties of Agricultural Assistant at Ajwan Branch. He was doing the following nature of work :

"Opening of accounts, closure of accounts documentation—filling of documents, preparation of proposal, subsidy claim, calculation of interest etc."

These works are of general nature which are performed by a clerk of the Bank. The duties of Agricultural Assistants are enumerated in Schedule III, Part I, Para XXI of Fourth Bipartite Settlement dated 17-9-84. Shri Prasad never performed the duties of Agricultural Assistant in addition to his normal duties. As per the request of the Conciliation Officer, the Bank deputed Deputy Regional Manager and Deputy Chief Officer (Personnel) to investigate in the matter. They submitted their report on 2-4-90. The Investigating Officers gave sufficient opportunity to Shri Prasad to prove that he worked as Agricultural Assistant but failed to do so. Since Shri Prasad carried out post-sanction inspection for four days, he was paid the agricultural assistance allowance for these days. The Bank could not locate any record to indicate that Agricultural Assistance allowance was paid to Brijraj Singh of Patna Branch. In the context of facts and circumstances the management of the Bank has denied and disputed the claim of the sponsoring union.

4. Neither the sponsoring union nor the concerned workman appeared at the time of bearing of the reference case.

The management of the Bank examined MW-1 Sanjoy Kumar Mukherjee at present holding the post of Regional Manager, Gaya, and laid in evidence three items of documents which have been marked Exts. M-1 to M-3.

5. The pleadings of the parties indicate that Suresh Chandra Prasad joined the services of the Bank at Ajwan Branch on 9-4-1984 as Cash-cum-Accounts Clerk. It has been asserted by the sponsoring union that the post of Agricultural Assistant was created in that branch in 1984. The management has not disputed this fact. The union has claimed that Shri Prasad had officiated against the permanent post of Agricultural Assistant from April, 1984 till 1989 when a permanent incumbent joined there. This statement of fact has been hotly disputed by the management. The management has asserted that Shri Prasad was never asked to officiate as Agricultural Assistant and he was not having the background of Agricultural Science to assign him the duties of Agricultural Assistant. Clause 9.10 of the First Bipartite Settlement dated 19-10-66 (Ext. M-2) provides that whenever Bank requires a workman to officiate in post in a higher cadre, it will do so by an order in writing. Undenially, the post of Agricultural Assistant is a post in higher cadre than the cadre of Cashier-cum-Accounts Clerk. The sponsoring union could not produce any document to show that the concerned workman was directed by the management to officiate as Agricultural Assistant in writing.

Schedule III, Part I, Para XXI of Fourth Bipartite Settlement dated 17-9-1984 underlines the duties of Agricultural Assistant which are gleamed hereinbelow : (Ext. M-1):

"Duties of Agricultural Assistants"

- (1) To assist in the bank's lending and/or operations for agricultural development and/or financial assistance to small enterprises (other than small scale industries) such as vegetable/fruit vendors, artisans, self-employed persons including beneficiaries under the Differential Rate of Interest Scheme.
- (2) To distribute and collect application forms and assist the farmers/small borrowers in filling up the forms.
- (3) To scrutinise application forms, title deeds farm plans etc. to ensure that applications are complete in all respects and the particulars furnished in the forms are prima facie in order and for this purpose he may be required to visit the farms for verification and for collection of relevant data.

- (4) To take necessary steps to ensure that the periodical details as called for, are received from the farmers|small borrowers in time.
 - (5) To keep in constant touch with farmers and to bring any adverse features to the management's notice.
 - (6) To verify farm/farm machine/equipments at stipulated intervals in cases of loans related to agricultural finance upto Rs. 5,000 or cost of the pump set live stock or cost of agricultural implements whichever is higher.
 - (7) To verify proper utilisation of the bank's loans or the progress is work in respect of which loans are granted and to furnish reports on such verifications.
 - (8) To make efforts and effect recoveries upto amounts not exceeding Rs. 5,000 from farmers|small borrowers from their place of work|residence, subject to the necessary arrangements being made with regard to fidelity and transit insurance and personal risk insurance by the bank.
- Note :** Banks will evolve appropriate procedure about issuance of provisional receipts etc. of the cash not exceeding Rs. 5,000 collected on a day by an agricultural assistant from the agricultural|small borrowers|depositors.
- (9) To assist in the deposit mobilisation efforts by encouraging farmers|small borrowers to deposit their savings in the bank.
 - (10) To collect information about the conditions of crops in village.
 - (11) To collect necessary data for determination of village, adoption for financing of agriculture, like farmers' land holdings, availability of infrastructure facilities, source of irrigation, use of tractors pump sets etc., credit facilities, available in village, recovery performance and the like.
 - (12) To maintain liaison with Land Record and Registration Offices and other Governmental|Developmental agencies for expeditious handling of the bank's work.

Note : With a view to making optimum use of the technical skill of the agricultural|development assistant, normally he may not be entrusted with the usual clerical work, but, where necessary, he may be asked to do the clerical work.

The sponsoring union has not laid a whit of evidence to indicate that the concerned workman worked as Agricultural Assistant at the direction of the management. On the other hand, MW-1 Sanjoy Kumar Mukherjee presently posted as Regional Manager, Gaya Region of Bank of India, has emphatically denied that the concerned workman was posted as Agricultural Assistant against permanent post from April 1984 till 1989. He has further stated that since the concerned workman did not work as Agricultural Assistant at any time, he is not entitled to officiating allowance. He has also stated that at the instance of the Conciliation Officer the Bank investigated the matter as to whether the concerned workman worked at any time as Agricultural Assistant and that he was associated with the enquiry. He has also proved the enquiry report which has been marked Ext. M-3. His evidence disclosed that in the process of enquiry they called upon the concerned workman to produce official/relevant record or document in support of the contention that he worked as Agricultural Assistant and that he could produce paper in support of his having done as only four days for which he was paid special allowance. The enquiry made by the Bank in this matter has been marked Ext. M-3. The report reveals that the Bank officials consulted the P/L Analysis book date-wise for the relevant period in presence of S. C. Prasad, the concerned workman and found that except for four days, i.e., on 20-12-86, 20-3-87, 15-4-87 and 20-4-87, Shri Prasad had not gone for any field visit for agricultural work and for these four days he claimed travelling expenses on 12-6-87 and for these four days he was already paid agricultural assistant's allowance.

6. Upon consideration of evidence on record, I came to the conclusion that Suresh Chandra Prasad, Cash-Cum-Accounts Clerk in Ajwan Branch did not perform official duties as Agricultural Assistant from April, '84 to April '89, and therefore, his claim for special allowance attached to the post of Agricultural Assistant during the aforesaid period is not justified.

7. Accordingly, the following award is rendered the claim of Bank of India Employees Congress (Bihar State) that Shri Suresh Chandra Prasad Cash-Cum-Accounts Clerk in Ajwan Branch performed the duties of Agricultural Assistant from April '84 to April, '89 and is, therefore, entitled to special allowance attached to the post of Agricultural Assistant is not justified.

In the circumstances of the case, I award no cost.

AWARD

By Order No. L-20012(3)/89-L.R. (Coal-I), dated, the 21st August, 1989, the Central Government in the Ministry of Labour, has, in exercise of the powers conferred by clause (a) of sub-section (1) and sub-section (2-A) of section 10 of the Industrial Disputes Act, 1947, referred the following dispute for adjudication to this Tribunal :

"Whether the action of the management of Jitpur Colliery of M/s. Indian Iron & Steel Co. Ltd., P.O. Jitpur, Dist. Dhanbad in dismissing Shri Nageswar Prasad Sinha, P. No. 04306 vide letter No. NJ/Term-Ser/87/283 dated 20-6-87 is justified? If not, to what relief the concerned workman is entitled?"

2. The case of the management of Jitpur Colliery of M/s. Indian Iron & Steel Co. Ltd., Dhanbad, as disclosed in the written statement details apart, is as follows :

Nageshwar Prasad Sinha, the concerned workman, was employed previously as a Time Section Clerk at Jitpur Colliery. Information relating to certain acts of misconduct allegedly committed by him relating to the period from April, 1983 to May, 1984 reached the management. Upon consideration of the matter, the concerned workman was issued with a charge-sheet dated 11-2-1986. He submitted his interim reply dated 7-3-86 denying the charges and requested for supply of copies of documents referred to in the charge-sheet issued to him. The management informed him by its letter dated 3-4-86 that the documents referred to in the charge-sheet would be made available during the enquiry. By the same letter the management ordered a domestic enquiry and appointed Shri Mohit Mukherjee, Manager (Personnel), M/s. IISCO collieries as Enquiry Officer to conduct an enquiry into the charges levelled against him. The Enquiry Officer held the enquiry after due notice to the concerned workman who participated in the enquiry. All the documents relied on by the management were produced in the enquiry and the same were shown to him and he put his signature thereon. The management examined Shri R. Mohan as first witness and the concerned workman cross examined him partly with the assistance of his co-worker. But thereafter he did not turn up for completion of cross-examination of R. Mohan in spite of repeated chances given to him. Smeeht did not turn up in the enquiry, the next witness of the management, K. Prasad was examined ex-parte in his absence. Thereafter the Enquiry Officer submitted his report of enquiry dated 25-4-87. In the report the Enquiry Officer gave his findings to the effect that on the basis of evidence produced by the management in the enquiry the charges framed against the concerned workman were fully established. Thereafter the matter was considered by the Manager, Noonidih-Jitpur Colliery who accepted the findings of the Enquiry Officer and came to the conclusion that this was a fit case for dismissal of the concerned workman from service. Thereafter the matter was also considered by the Superintendent (J), Noonidih-Jitpur Colliery; he also agreed with the views of the Manager, Noonidih-Jitpur Colliery. The case file was subsequently put up before the Chief Mining Engineer and he also accepted the findings of the Enquiry Officer and passed an order to the effect that the concerned workman should be dismissed from service. Accordingly, he was dismissed from service by the management vide letter dated 20-6-87 which was signed by the Manager, Noonidih-Jitpur Colliery. In the circumstances, the management has prayed that the action taken by the management in dismissing the concerned workman is fully justified.

3. The case of the concerned workman, as appearing from the written statement submitted on his behalf by Janta Mazdoor Sangh, briefly stated, is as follows :

Nageshwar Prasad Sinha, the concerned workman, was a permanent workman of Jitpur Colliery of M/s. IISCO. He was charge-sheeted by the management by memorandum dated 11-2-86 alongwith four annexures, namely, Articles of charge (Annexure-I), Statement of imputation of misconduct or misbehaviour in support of the Articles of charge (Annexure-II), a list of documents numbering 33 under 17 heads (Annexure-III) and a list of witnesses numbering 14 (Annexure-IV). The workman concerned, submitted an interim reply to the charge-sheet denying the charges and prayed for copies of documents listed in the annexure-III for examination of the same for submitting a comprehensive reply. The management did not, however, consider it necessary to supply the copies of the documents for a comprehensive

reply to the charge-sheet and found that the interim reply was unsatisfactory. A domestic enquiry was held commencing from 2-8-86 during which the principles of natural justice were grossly violated. The then Acting Manager, upon relying on the preverse and prejudicial findings of the Enquiry Officer, awarded the concerned workman the punishment of dismissal from service. By denying to furnish the workman with copies of documents and withholding the same, the management virtually deprived him of an opportunity to prepare his defence. It has been alleged that the disciplinary action has been taken by the management vindictively as the workman had preferred an application before the Presiding Officer, the then Central Govt. Industrial Tribunal-Cum-Labour Court (No. 3), Dhanbad, under Section 33-C(2) of the Industrial Disputes Act claiming subsistence allowance for the period of suspension. There was no positive evidence against him, even then the management framed the charge against him on the basis of surmises and conjectures. At the preliminary stage the workman was kept unaware of any case of excess payment on account of overtime wages and the management with a malafide motive has placed the whole burden on him in order to make him a scape-goat. The allegation of manipulation on the mechanised attendance sheet was not proved satisfactorily during domestic enquiry. Although 14 witnesses were listed to be examined by the management, only two witnesses were examined and the rest were withdrawn by the management in order to be on the safe side. The evidence of R. Mohan, Manager (Personnel) discloses the system of work at the time office and with regard to charge of actual manipulation, his evidence was vague and indirect. The evidence of R. Prasad, Head Timekeeper, is motivated in order to save his own skin. No motive of personal gain was alleged against the workman in the articles of charge. Anyway, the workman has been awarded the punishment of dismissal on indirect, vague and meagre evidence and therefore, the action of the management in dismissing him from service with effect from 20-6-87 is not justified. In the circumstances, the union has asserted that the action of the management in dismissing the concerned workman from service is unjustified and has prayed that the management be directed to reinstate him in service with full back wages.

4. In rejoinder to the written statement of the sponsoring union, the management has stood its ground and asserted that the concerned workman was guilty of the charge levelled against him. It has been denied that the findings of the Enquiry Officer are perverse or that they can be assailed on any ground whatsoever. It is for the management to decide to examine all the witnesses or such witness as may be considered necessary to bring the charge home to the concerned workman. It is not necessary that all the witnesses listed should be examined. In other words, the rejoinder of the management is a total rebuttal of statements of facts and allegation as levelled in the written statement of the sponsoring union.

5. In rejoinder to the written statement of the management the sponsoring union has reiterated its own case.

6. At the instance of the management the fairness and propriety of the domestic enquiry was considered as preliminary issue. In the course of hearing the preliminary issue, the management adduced in evidence a sheet of documents which were marked exhibits. No oral evidence, however, was not adduced by the management.

On the other hand, the sponsoring union examined the concerned workman, Nageswar Prasad Sinha and laid in evidence only one item of document which was marked Ext. W-1.

At the conclusion of hearing on preliminary issue Shri D. Mukherjee, learned Advocate for the concerned workman, that the domestic enquiry was held fairly and properly. Accordingly, it was held that the domestic enquiry was held fairly and properly. Thereafter the case was heard on merits.

7. Nageshwar Prasad Sinha, the concerned workman, has disclosed in his evidence before this Tribunal that he was appointed in Jitpur Colliery of M/s. Indian Iron & Steel Co. Ltd. in 1965 as Sanitary Attendant in the hospital. This statement of fact has not been disputed by the management. It appears that on 11-2-86 when the chargesheet (Ext. M-1) was issued to the concerned workman he was designated as Canteen Incharge but working as Clerk in Personnel

Department of Noonodih-Jitpur Colliery. He has stated that he was dismissed from service in 1987 while he was working in Time Section as Clerk but his designation was Canteen Incharge. This statement of his has remained unassailed in cross-examination. The letter of dismissal dated 20-6-87 (Ext. M-39) also disclosed that he was working as a clerk in Time Section of Jitpur Colliery when he was dismissed from service.

8. Thus, from the evidence as discussed above it is evident that the concerned workman had worked in Noonodih-Jitpur colliery in different capacities on different occasions. He was initially appointed as Sanitary Attendant in Jitpur Colliery in 1965. Later he was designated as Canteen Incharge. At the material time when he was allegedly committed acts of misconduct he was posted as a clerk in Time Section of Noonodih-Jitpur colliery and later was posted as Clerk in Personnel Department of Noonodih-Jitpur Colliery when the chargesheet was issued. Afterwards, he was again brought back to Time Section as Clerk. Nevertheless, the fact remains that his substantive appointment was as Canteen Incharge but he was deployed for duty as Clerk in different Department/Section.

9. The nomenclature and job description of workmen in Coal Industry issued by I.B.C.C.I. does not envisage any job description of clerical staff. Since the concerned workman, although designated as Canteen Incharge, was deployed in different Department/Section as Clerk, the management should have specified his duty roster in specific term and that too in writing. In the present case the management has not produced any specified duty roster in writing of the concerned workman. The management has relied on oral evidence to prove the job description of the concerned workman. I will consider this aspect of the case in its proper place.

10. According to the management, the concerned workman allegedly committed the misconduct of fraud and dishonesty in connection with the company's business and property during the period from April, 1983 to March and May, 1984. But the chargesheet was issued to the concerned workman as late as on 11-2-86.

According to Shri R. Mohan, one of the principal witnesses for the management in domestic enquiry, a High Power Committee, obviously set up by the management, established irregularities and fraud and the matter was referred to Internal Audit at Burnpur and Vigilance Department. In the context of these facts and circumstances Shri D. Mukherjee, Advocate for the concerned workman, submitted before me that the management is duty bound to explain in delay in issuing the charge-sheet to the concerned workman. It may be that the matter was in a fluid stage and that could be the reason for delay in issuing the charge-sheet to the concerned workman.

The management has produced a note-sheet raised by Shri R. Mohan dated 5-8-84 on the subject of tampering of records and making excess payment thereupon by Nageshwar Prasad Sinha, Time Section at Jitpur colliery presumably in order to explain the delay. Shri Mohan in his note (marked part of Ext. M-29) has stated that it was the concerned workman who had tampered with the record and that immediate step should be taken to issue chargesheet against him. This note was meant to be put up before the Agent. Had the management been so sure of the misconduct of the concerned workman there would have been no occasion to set up High Power Committee, to refer the matter to the Internal Audit of Burnpur and to the Vigilance Department. There is no evidence that the note was put up before the Agent. Regard being had to the circumstantial evidence I have reason to believe that this note is a product of an afterthought in order to lend succour to the case of the management.

11. Shri D. Mukherjee complained that the reports of the High Power Committee, Internal Audit of Burnpur and Vigilance Department has not been made available by the management. Shri R. S. Murthy, Advocate for the management, submitted that the management relied on the evi-

dence as appearing in domestic enquiry in coming to the conclusion that the concerned workman was guilty of the charge of misconduct alleged against him and hence non-production of these records is rather otiose. He submitted that Internal Audit report was produced in domestic enquiry. But this report simply underlines the fact that excess payments were made to some of the workmen not only of Jitpur Colliery but also of Chasnala Colliery and Ramnagar Colliery and the Committee suggested disciplinary action against the delinquent employees and necessary steps for recovery of excess amount. This report does not pin point the fact that the concerned workman was one of such delinquent workmen. Even so, the other reports although not relied on by the management, should have been produced in order to pin point the fact that those reports also laid odium of misconduct on the shoulder of the concerned workman.

12. Then again Shri D. Mukherjee has made sensorious criticism of the chargesheet issued against the concerned workman. It is necessary to underline the facts as disclosed in the charge-sheet which consists of Memorandum, Articles of Charge and statement of imputation of misconduct list of documents and witness. These are reproduced below (Ext M-1):

"The undersigned proposes to hold an inquiry against Shri Nageshwar Prasad Sinha presently working as a Clerk in the Personnel Department and as a Clerk of Timekeeping Section of Noonodih-Jitpur Colliery, IISCO, at the material time, in terms of Certified Standing Orders of Noonodih-Jitpur Colliery, IISCO. The substance of the imputation of misconduct or misbehaviour in respect of which the inquiry is proposed to be held is set out in the enclosed statement of the Articles of Charge (Annexure-I). A statement of imputation of misconduct or misbehaviour in support of the said Articles of Charge is enclosed (Annexure-II). A list of documents by which a list of witnesses by whom the Articles of Charge are proposed to be sustained are also enclosed (Annexure-III and IV respectively).

2. Shri Nageshwar Prasad Sinha is directed to submit within 7 days of the receipt of this memorandum a written statement of his defence and also to state whether he desires to be heard in person.

3. He is informed that the inquiry will be held only if the Articles of Charge as mentioned in Annexure I is not admitted. He, should, therefore, specifically admit or deny the Articles of Charge.

4. Shri Nageshwar Prasad Sinha is further informed that if he does not submit his written statement of defence on or before the date specified in para 2 above, or does not appear in person before the Inquiring Authority or otherwise false, the Inquiring Authority may hold the inquiry against him ex-parte.

5. The receipt of this Memorandum may be acknowledged."

ANNEXURE-I

STATEMENT OF THE ARTICLES OF CHARGE
FRAMED AGAINST SHRI NAGESHWAR PRASAD
SINHA, P. NO. 04306, CANTEEN-IN-CHARGE, BUT
PRESENTLY WORKING AS A CLERK IN THE PER-
SONNEL DEPARTMENT, NOONODIH-JITPUR
COLLIERY, IISCO

Articles of Charge

That Shri Nageshwar Prasad Sinha, P. No. 04306, while working as a Time Section Clerk of Noonodih-Jitpur colliery during the period April, 1983 to May, 1984 had caused undue excess payment to a particular set of 52 daily rated workers of Engineering Department of Noonodih-Jitpur Colliery by way of manipulating the documents with a mala-fide intention for which the Company (IISCO) had to make undue excess payment to the tune of Rs. 1,49,906.07 during the period April, 1983 to March, 1984 to those set of 52 daily rated workers and had to sustain a considerable loss on account of interest of such excess payment.

In a similar manner Shri Nageshwar Prasad Sinha had caused excess payment to 26 daily rated workers of Engineering Department of Noonodih-Jitpur Colliery during the period May, 1984.

Thus Shri Nageshwar Prasad Sinha had committed gross misconduct in as much as that he had committed fraud and dishonesty in connection with Company's business and property within the meaning of Cl. 27(2) and original offence under Indian Penal Code within the meaning of Cl. 27(19) of the Certified Standing Orders of Noonodih-Jitpur Colliery of the Company.

Sd/- Manager,
Noonodih-Jitpur Colliery,
IISCO."

ANNEXUE-II

Statement of imputation of misconduct or misbehaviour in support of the Articles of Charge framed against Shri Nageshwar Prasad Sinha, P. No. 4306, Canteen-Incharge but working at present as a Clerk in the Personnel Department in the Noonodih-Jitpur Colliery.

1. That Shri Nageshwar Prasad Sinha, P. No. 4306, Canteen Incharge Noonodih-Jitpur Colliery, was working as a Time Section Clerk in the Time Section of Noonodih-Jitpur Colliery during April, 1983 to May, 1984.

2. That as per existing arrangement Shri Nageshwar Prasad Sinha, was responsible for recording the total of daily attendance leave/sick, Sundays of daily rated workers of Engineering Department in the Muster Attendance Register, taking the daily recorded figures from the said Register.

3. That Shri Sinha was responsible for making total of overtime daily attendance, leave/sick and Sundays etc. done by the daily rated workers of Engineering Department of Noonodih-Jitpur Colliery and posting the same in the Muster Attendance Register.

4. That Shri Sinha was responsible for preparing the mechanised sheets of daily rated workers of Engineering Department and for sending the same to DPC for preparation of final wage bills in respect of daily rated workers.

5. That the DPC prepared the wage bills in respect of the daily rated workers on the basis of the figures furnished in the mechanised sheets.

6. That by way of posting inflated figures in the mechanised sheets before sending the same to DPC, in respect of a set of 52 daily rated workers in a regular manner for the period April, 1983 to March, 1984 Shri Sinha caused preparation of inflated wage bills in respect of such set of daily rated workers than what was, in fact, due to them.

7. That on the basis of such inflated wage bills excess payments were being made in respect of those 52 workers than what was due to them and thus in this process during the aforesaid period Shri Sinha had caused excess payments to the tune of Rs. 1,49,906.07 to such workers, out of company's fund.

8. That by way of paying such undue excess payment to the said set of 52 daily rated workers, the Company sustained a substantial financial loss on account of interest also for the said excess payment.

9. That after getting back the mechanised sheets from DPC for keeping the same in his custody, Shri Sinha manipulated the figures in the mechanised sheets to bring back the correct figures identical to those recorded in the Muster Attendance Register to avoid probable chances of detection of his end.

10. That during May, 1984 Shri Sinha caused excess payment to 26 daily rated workers of Engineering Department of Noonodih-Jitpur Colliery by way of inflating the mechanised sheets in a similar manner than what was due to them in accordance with the Muster Attendance Register.

11. That while getting back the mechanised sheets from DPC for May, 1984 in respect of those daily rated workers containing the inflated figures as posted earlier by Shri Sinha,

for his custody, was intercepted as a result of which those mechanised sheets containing the inflated figures for avoiding detection as was being done by Shri Sinha during the period April, 1983 to March, 1984 in respect of a set of 52 daily rated workers of Engineering Department.

12. That Shri Sinha had caused such undue excess payments to a set of 52 daily rated workers of Engineering Department of Noonodih-Jitpur Colliery out of 261 such workers, in a regular manner during the period April 1983 to March 1984 with a malafide intention and ulterior motive.

13. That with a malafide intention and ulterior motive Shri Sinha had caused undue excess payments to 26 daily rated workers during May, 1984.

14. Thus Shri Sinha had committed gross misconducts in as much as that he had violated Rule 27(2) & (19) of the Certified Standing Orders of Noonodih-Jitpur Colliery.

 13. One representative of the Audit Deptt. of IISCO, Burnpur will prove their report No CPM(A)/C-14/270 dt. 16.10.84.
 14. Shri P.K. Das, Jr. Vigilance Officer who will prove his investigation report.
13. Shri D. Mukherjee contended that the chargesheet does not disclose the names of the workmen to whom excess payments were allegedly made as a result of the alleged misconduct of the concerned workmen. The position is really so, for the charge must disclose particulars as to the time and place of the alleged offence the persons against whom or the thing in respect of which it was committed and also particulars of the manner in which the alleged offence was committed. The main burden of charge against the concerned workmen is that as a result of his acts of misconduct excess payments were made to 52 and 26 daily rated workers of Engineering Department of Noonodih-Jitpur Colliery, but it has not disclosed who are those workmen to whom excess payments were made. In my view, the entire exercise of the management in proving the misconduct of the concerned workmen may be faulted to some extent on this score as the concerned workmen had a right to know the names of the workmen to whom excess payments were made. Because of the shortcoming in the chargesheet, the concerned workmen had reason to be prejudiced in setting up his defence effectvely against the charges levelled against him.

The concerned workmen denied the charges levelled against him and requested for supply of documents relied on by the management to prove the charge against him (Ext. M-2). The management found his reply to the chargesheet unsatisfactory and decided to hold domestic enquiry. He was informed that the relevant documents would be made available in the domestic enquiry (Ext. M-3).

Although the management cited as many as 14 witnesses including M. Dey, Sr. Timekeeper of Noonodih-Jitpur Colliery, one representative of the Audit Department of IISCO, Burnpur and P.K. Das, Jr. Vigilance Officer, it ultimately examined only two witnesses, namely, S/Shri R. Mohan, Dy. Manager (PL), Noonodih-Jitpur Colliery and Kamleshwari Prasad, Timekeeper, Noonodih-Jitpur Colliery.

Shri D. Mukherjee complained that the management did not examine all the witnesses in the domestic enquiry, Shri R. S. Murthy contended that it was not necessary for the management to examine all its witnesses. Certainly it is the prerogative of the management to select and examine its

own witness and the concerned workmen can have no complaint on this score. It appears that R. Mohan made statement in preliminary enquiry held before issuance of the chargesheet against the concerned workmen. In his statement in the preliminary enquiry Shri Mohan did not spell out the duties of the concerned workmen as a clerk in Time Section of Noonodih-Jitpur Colliery. By the time the domestic enquiry was held he became wiser, and made elaborate statement including the duties of the concerned workmen, the manner he has committed the acts of misconduct and the reason for which he committed such misconduct. I have already mentioned above that he raised a note-sheet way back on 5.8.84 wherein he could identify the concerned workmen as a dark horse. Nevertheless the fact remains that there is no evidence that the High Power Committee, Internal Audit Department and Vigilance Officer could pin point the misconduct of the concerned workmen. Perhaps their collective wisdom could not reach the level of Shri Mohan.

14. Anyway, according to R. Mohan there were three clerks to Time Section, namely, S/Shri M. Dey, Sr. Timekeeper, Kamleshwari Prasad and Nageshwar Prasad Sinha, both clerks of Time Section. The job of Sr. Timekeeper was to take attendance of employees engaged on surface job, workshop and Engineering Department. He was also responsible to arrange manpower whenever and wherever required. Timekeeper/Clerks were to assist Sr. Timekeeper and also responsible for maintenance of records and registers connected with attendance, overtime wages leave/sick of all staff of Jitpur Colliery and that at the end of the month all dates like duties on Sunday, attendance leave/sick, UG days were entered in the mechanised attendance sheet every month from respective register, kept and maintained by respective clerk. Such mechanised attendance sheets are signed by the concerned clerk and also signed by the manager of the colliery and sent to DPC at Burnpur for billing of wages of the employees. After payment, wages/salary sheets were kept in the Accounts/PF Section for posting in the register and making entries in P. F. and Family Pension records. Mechanised Attendance Sheets received alongwith wage-sheets were sent to Clerk for their record and safe keeping. Shri Mohan further stated that he checked the attendance sheet, some mechanised attendance sheet as well as wage/salary sheet for the concerned period relating to daily rated employees of Engineering Deptt. which were under the charge of the concerned workmen. He found that the concerned workman used to inflated figures in respect of some employees in the column of attendance/O.T./Sunday in the mechanised attendance sheet and such mechanised attendance sheet signed by the concerned workmen and the Manager were sent to DPC for billing of wages. That the figures were inflated was confirmed from the wage sheets which did not tally with the figures in the Attendance Register. After payment when mechanised attendance sheets were returned to the concerned workmen he used to erase and correct the inflated figures to the actual figure as found in the register maintained by him. Shri Mohan claimed that irregularities and fraud were established by High Power Committee and the matter was referred to the Internal Audit at Burnpur. It was revealed that out of 275 daily rated employees of Engineering Deptt. of Jitpur colliery under the charge of the concerned workmen, 52 employees were regularly receiving excess wages than they were entitled to during the year 1983-84 amounting to Rs. 1,49,000 approximately. Shri Mohan further stated that the concerned workmen posted inflated figures in respect of 26 daily rated employees for the month of May, 1984 and caused excess payment to them then the actual amount they were entitled. Shri Mohan submitted mechanised attendance sheet for the month of May, 1984 and showed that inflated figures were posted in the mechanised attendance sheet in comparison with the actual figures in the attendance register. Payments as per inflated figures were made for the month of May 84 to four employees as the concerned workmen did not get opportunity to tamper and erase in the mechanised attendance sheet.

The other witness Kamleshwari Prasad was another clerk in Time Section of Jitpur colliery at the relevant time. According to Shri Prasad, he was independently posting the attendance, O.T., UG days and other particulars of monthly staff surface workers and some underground workers. He explained the procedure of booking attendance and other particulars in the mechanised attendance sheet for billing by DPC and subsequent check and verification after payment. He stated that the concerned workmen was responsible for

daily rated employees of Engineering Deptt. independently regarding booking and keeping records of attendance and other particulars. He also stated that although Sr. Timekeeper as the overall incharge of Time Sec. but feeding data to DPC for billing and checking input sheets and wage sheets were independent function of the concerned workmen and himself. Mechanised attendance sheets were produced before the Enquiry Officer at the time of domestic enquiry and also attendance register and other records.

Shri M. Dey, Sr. Timekeeper was not examined by the management in the domestic enquiry for reasons best known to it.

From the evidence of these two witnesses it appears that mechanised attendance sheets used to be prepared on the basis of attendance registers and other registers and these mechanised attendance sheets used to be sent to D.P.C. at Burnpur for billing of wages. It is the case of the management that the concerned workman used to post inflated figures in respect of some daily rated workmen in the mechanised attendance sheet and D.P.C. used to bill wage-sheets on the basis of such mechanised attendance sheet and in the process excess payments were made to these workmen and the concerned workman adopted the subterfuge of erasing out the inflated figures in mechanised attendance sheets and replaced the same by actual figure. In order to prove this fact that the D.P.C. billed wage sheet as per mechanised attendance sheet, it was necessary for the management to examine witness from the D.P.C. in order to sustain the fact that the D.P.C. billed the amount as per mechanised attendance sheet. It appears that one end of the rope was at Noonodih-Jitpur colliery and the other end at D.P.C. at Burnpur. The mechanised attendance was used to be prepared at Noonodih-Jitpur colliery while billing of wage as per mechanised attendance sheet was done by D.P.C. at Burnpur. Hence, in my view, a competent person from D.P.C. should have been examined by the management in domestic enquiry.

Then again, Shri Mohan claimed in the preliminary enquiry that he was in a position to identify the handwriting of Shri Sinha, the concerned workman, in the mechanised attendance sheet for the period from April, 1983 to March—May, 1984. But he did nothing of the sort in the domestic enquiry. That being so, the allegation of erasing out of the inflated figures by the concerned workman has not been established to the bill.

Shri Mohan stated that the concerned workman inflated the figure in respect of 52 and 26 daily rated employees with mala fide intention and ulterior motive for his personal gain. The Enquiry Officer also held that the concerned workmen willfully/deliberately with mala fide intention for the purpose of personal gain booked inflated figures in the mechanised attendance sheet in respect of 52 daily rated employees of Engineering Department during the year 1983-84 and by this fraud the concerned workman caused excess payment to the tune of Rs. 1,49,906.07. There is not a whit of evidence that the concerned workman, by his alleged act of inflating figure in mechanised attendance sheet has made any personal gain or that he had an ulterior motive in doing so. On the contrary, some of the workmen concerned who received excess payment were examined in the preliminary enquiry and they did not inculcate the concerned workman. The management has subsequently realised the excess amount paid to these workmen. This being so, I find no objective basis to hold that the concerned workman allegedly committed any act of misconduct by inflating the figures of attendance of some of the daily rated workmen of Noonodih-Jitpur colliery from April, 1983 to April, 1984 for personal gain or with an ulterior motive.

15. But the fact cannot be ignored that the concerned workman recorded inflated figures of attendance in respect of some workmen in the mechanised attendance sheet for May, 1984. But here again the allegation of personal gain, motive intention or ulterior motive could not be established. This being so, in my view, the concerned workman has committed neglect of work in performance of his duty. Now the question remains if dismissal of the concerned workman from service is justified for his neglect of work. The fact cannot be ignored that even after detection of alleged delinquency of the concerned workman, he was once again

brought back from other section to Time Section as clerk. There is no evidence to indicate that he was deployed for different types of job in the Time Section. Considering these facts and circumstances, I consider that the punishment should be meted out to the concerned workman not in the spirit of retribution but in a spirit of achieving reformation. Taking this view, I think that ends of justice will be met if the concerned workman is reinstated in service with 40% of back wages.

16. Accordingly, the following award is rendered —

the action of the management of Jitpur Colliery of M/s. Indian Iron & Steel Co. Ltd. in dismissing Shri Nageshwar Prasad Sinha is not justified. The management is directed to reinstate him in service with effect from the date of his dismissal from service with 40% of back wages with continuity of service and other benefits within one month from the date of publication of the award in the official Gazette. The concerned workman is directed to report for duty within the time stipulated.

In the circumstances of the case, I award no cost.

This is my award.

2. On 9-6-92, Sri O. P. Nigam State Vice President, UPBEO and authorised representative for the Union presented an application in person with the prayer that the dispute raised is not pressed by the Union and as such the case may be closed. In the application, it is alleged by Sri Nigam, that he filed the claim statement and rejoinder for the workman Sri S. K. Yadav on behalf of the Union. Since, 1990, despite several attempts made by him to contact the workman and to ask him to see him in connection with this case, no response came from the workman's side. The workman despite several opportunities given by the Tribunal failed to contact him for filing affidavit evidence. In view of the facts stated in the application, the Tribunal has been rightly approached and it has been rightly prayed that the case may be closed.

3. In view of the above, a no claim award is given in the case.

Reference is answered accordingly.

AWARD

The Government of India, Ministry of Labour, in exercise of the powers conferred on them under Section 10(1)(d) of the I.D. Act, 1947 has referred the following dispute to this Tribunal for adjudication vide their Order No. L-24012(121)/86-D.IV(B), dated, the 24th February, 1987:—

SCHEDULE

"Whether the action of the Management of Kathara Area of CCL, P.O. Kathara, Distt. Giridih in denying promotion to S/Shri B. C. Nag, R. K. Singh and B. N. Sinha, UDCs for the post of Senior Clerks by ignoring seniority, particularly when they have unblemished record, is justified? If not, to what relief the workmen concerned are entitled?"

2. All the three concerned workmen namely Shri B. C. Nag, Shri R. K. Singh and Shri B. N. Sinha are claiming their promotion from UDC to Senior Clerk on the basis of their seniority from the back date. They also claim their back wages accordingly. Shri R. K. Singh is the Secretary and Shri B. C. Nag is the President of Jarangidh branch of Koyala Mazdoor Union. Shri B. N. Sinha happens to be the executive of the said union. In the W.S. they have given out the details of their educational qualification and promotion which they got from time to time. It may be relevant to mention here that all these three concerned workmen were initially appointed as mazdoor in Cat. I. Shri B. C. Nag and Shri B. N. Sinha were appointed on 4-2-56 and 9-7-55 as Mazdoor Cat I. Shri R. K. Singh was appointed sometimes in 1956. Shri B. C. Nag and Shri B. N. Sinha were promoted to UDC on 14-4-76 while Shri R. K. Singh got promotion in 1977. It was stated that under cadre scheme and promotion policy the educational qualification is no bar for promotion to the higher grade. Even in the past the management of CCL of Kathara Area promoted 13 persons to the post of Senior Clerk from U.D.C. purely on the basis of seniority. The order dated 12-3-84 is the positive instance on this point. But the management of Kathara Area while holding D.P.C. on 22-2-85 took interview and written test ignoring the principles of seniority. The concerned workmen were not promoted to senior clerk on the ground that they did not qualify in the written test.

3. Specially with regard to Shri B. N. Sinha, he by order dated 27-6-83 was asked to hold charge of senior clerk. On refusal he was threatened for action and ultimately he had to take charge of Senior Clerk although he has been getting pay scale of U.D.C. He represented to get the pay scale of senior clerk but it was refused. The Union raised industrial dispute before the ALC(C) Hazaribagh which ended in failure giving rise to the present reference.

4. The management has denied the claim of the concerned workmen and stated that seniority alone was never the criteria for promotion in clerical grade. The management had its own cadre scheme earlier framed by the erstwhile NCDL Ltd. which was renamed as CCL with effect from 1-1-75. Even under the old cadre scheme criteria for selection of UDC for promotion to the post of Senior Clerk was seniority-cum-merit. The aforesaid cadre scheme/promotion rules were constituted by General Manager, Kathara Area. The said later by promotion policy committee of JBCCI. This new scheme provided several conditions for promotion of UDC (Clerk Grade-I) to the post of Sr. Clerk (Clerk Spl. Grade). One of the condition was that the selection shall be made on the basis of merit-cum-seniority. The said new scheme was incorporated in the Implementation Instruction No. 34/84 dated 17-7-84. However, by subsequent Implementation Instruction No. 40 dated 5-12-84 the conditions of educational qualification was deleted.

5. The management stated that in May, 1985 some selection of the UDCs for promotion to the post of Senior Clerk were made to fill up only 21 vacancies and accordingly a panel of 37 candidates were prepared by D.P.C. which was constituted by General Manager, Kathara Area. The said panel was approved by the G.M. Kathara Area and as per merit list first 21 UDCs were promoted to the post of Senior Clerks vide office order dated 4/7-5-1985. The names of the concerned workman also appeared in the panel but they were in lower position and thus could not be selected for promotion. The said selection panel remained valid for a year but unfortunately no vacancy for senior clerk arose during that period. It was also stated that no vacancy for Senior Clerk occurred in Kathara Area thereafter and hence no further D.P.C. was constituted for making selection. In this way it was urged that the claims of the concerned workmen for their promotion for Senior Clerk on the basis of seniority was not tenable and the reference be answered accordingly.

6. From the pleadings of the parties it is clear that the concerned workmen are demanding their promotion from UDC to Senior Clerk on the basis of seniority. But according to the management merit-cum-seniority was the criteria for promotion to the post of Senior Clerk. Shri Suresh Pd., MW-1 is the Dy. CPM in CCL and had occasion to work in Kathara Area in different capacity covering the period from 1970 to 1985. He stated that the promotion to Senior Clerk is made on the basis of merit-cum-seniority. He has proved the original cadre scheme, Ext. M-5. That was superseded by JBCCI Instruction which are Ext. M-7 and M-8. In this very connection I would also like to refer the evidence of the concerned workmen. WW-1 is Shri B. C. Nag. Admittedly in the year of April, 1976 he was promoted to Clerical Grade-I (UDC). He also stated that in 1985 DPC was held for considering promotion to the post of Senior clerk and he had appeared in the interview before the DPC. According to him the DPC had taken written test and interview. Again he stated that in 1983 promotion in the Senior Clerk were made on the basis of seniority. However, in the year 1985 he has not selected for promotion as Senior Clerk and there has been no DPC thereafter. The witness further stated that marking by DPC as mentioned in Ext. W-4 was not justified. The entire marking was incorrect. In this respect I have looked to Ext. M-4 which is the procedure adopted by DPC for selection of the UDC for their promotion to the post of Senior Clerk. Shri Suresh Pd. MW was one of the members of the DPC. It has been noted that a number of candidates did not appear and some of them denied their promotion. The DPC meeting had held on 21-3-85 and 16-4-85 during which total number of 59 UDCs were found eligible and were asked to appear before the committee for interview. The proceeding is very specific on the point that selection for the post of Senior Clerk/Special Grade Clerk shall be on the basis of merit-cum-seniority. However, non-matric have also been considered for promotion in terms of the provision of Implementation Instruction No. 40. The committee fixed criteria for examining the merit of the candidates on the basis of merit-cum-seniority and a total number of 100 marks with certain break ups were fixed out of which 50 marks was the qualifying marks and the candidates securing less than 50 marks were to be disqualified. Out of 59 candidates, thirteen candidates did not appear for interview and their names have been noted in the proceeding. Ultimately the member of the committee found 37 UDCs suitable for promotion to the post of Senior Clerk in NCWA-III scheme of scale of pay of Rs. 810-46-1178-51-1586. The name of the concerned workmen appeared at Sl. Nos. 29, 32 and 37. It appears that these persons secured more than 50 per cent marks but the total vacancies were only 21 and their position was much below 21. From this document it is crystal clear that the candidates had appeared for interview only and there was no whisper any written test examination as stated by WW-1. In this respect Ext. W-1 may be looked into. The concerned workmen were called to appear for interview. Ext. W-7 is the photo copy of the Matriculation Certificate. During the course of argument it was also pointed out that for the written test examination questions papers are necessarily to be distributed to the candidates. WW-1 was specifically questioned as to whether he was in receipt of any question paper. But he denied his knowledge. No such question paper was filed before this

Tribunal. There is no paper to show that actually any written examination was conducted. The witness stated that in the year 1983 selection was made on the basis of seniority alone. The photo copy of the order dated 12-3-84 (Ext. M-2) is on the record showing that 13 UDC were promoted to the post of Senior Clerks but it is nowhere been mentioned that seniority was the criteria for selection. The management has denied such assertion of the concerned workmen. It is further said that the DPC committed an act of omission and commission and selection was not made fairly. But there is no paper even the protest petition to show that any such bunglings was done by the authority. I do not think that mere statement will be of any help to the concerned workmen. The documents are quite crystal clear that DPC was constituted in which the Chairman and the members were persons holding from responsible posts. There can be hardly any reason that they indulged any such nefarious activities. I find no substance in the allegation levelled by the concerned workman.

7. WW-2 Shri R. K. Singh who has already retired as UDC. He also stated that the DPC was not conducted fairly or properly. WW-3 also stated the same thing but for the reasons stated above I find no substance in their assertion. WW-2 ultimately stated that merit and seniority are both to be considered while giving promotion to the post of Senior Clerk from the post of UDC. He stated that he had written to the management about the unfair play in the DPC but no paper to this effect has been filed. Lastly he stated that he had already taken voluntary retirement and his son in his place has been accommodated. WW-3 has stated that he was officiating in the Spl. Grade from before the constitution of the DPC and he is still continuing in that post. He had made a protest as to why he was not appointed as Senior Clerk although he was working in a special grade, from before but his petition was disallowed. The photo copy of the representation has been marked as Ext. W-7. He also filed other representation for payment of arrears which are Ext. W-7 series. He is quite aware of the fact that promotion to the post of Senior Clerks are made as per cadre scheme of the JBCCI. His claim was that his promotion should be made according to the seniority-cum-merit. He does not know that selection was made on the basis of merit-cum-seniority. I have already referred to Ext. M-4 stating that the criteria for selection for the post of Special Grade Clerk was merit-cum-seniority. This means that merit was the primary consideration. The concerned workmen had also appeared for interview but their names figured much below and hence they could not be taken.

8. The management stated that the Implementation Instruction No. 34/84 was replaced by subsequent Implementation Instruction No. 40 dated 5-12-84. In this connection first of all I may look to the Implementation Instruction No. 34. In para 3.2 it has been clearly stated that selection for the post of Clerk Grade-I shall be on the basis of seniority-cum-merit and for Clerical Special Grade and above on the basis of merit-cum-seniority. This provision remained in tact and only para 3.4 was deleted. However, in the new Implementation Instruction No. 40 it was further added that educational qualification will not be a bar for promotion of the existing employees upto the post of Clerk Grade-I in Clerical Grade. Thus it is manifest that the promotion to the post of Senior Clerk was to be made on the basis of merit-cum-seniority and not on the basis of seniority as alleged by the concerned workmen.

9. I have examined this aspect of the matter and I find no merit in the claims of the concerned workmen.

10. In this result, I hold that the action of the management of Kathara Area of CCL, P.O. Kathara, Distt. Giridih in denying promotion to S/Shri B. C. Nag, R. K. Singh and B. N. Sinha UDC for the post of Senior Clerks by ignoring seniority particularly when they have unblemished record is justified. Consequently the concerned workmen are not entitled to any relief.

This is my Award.

AWARD

The Govt. of India, Ministry of Labour, in exercise of the powers conferred on them under Section 10(1)(d) of the I.D. Act, 1947 has referred the following dispute to this Tribunal for adjudication vide their Order No. L-24012/24/84-D. IV(B)(Vol. II, dated the 20th January, 1988.

SCHEDULE

"Whether the action of the Management of Saunda-D Colliery of M/s. Central Coalfields Limited, P.O. Saunda, Distt. Hazaribagh in stopping Sri Bandhu Mahato, Ex-Haulage Khalasi from work, is justified ? If not, to what relief the workman concerned is entitled ?"

2. Shri Bandhu Mahato, the concerned workman has claimed reinstatement with full back wages and other benefits by M/s. C.C. Ltd. with effect from 1-5-73. As per the statement of his claim he was Haulage Khalasi at Sunda 'D' colliery of M/s. Karanpura Colliery Ltd. with effect from 1958. He stated that he was falsely implicated by the management in a criminal case which was instituted on the basis of the report submitted by the Medical Officer Shri A.D. Singh of Saunda 'D' colliery with Bhurkunda Police outpost.

It is further stated that there was a strike at the colliery and after it was withdrawn the concerned workman and other reported for duty but they were stopped and it was stated on behalf of the management that their service have already been terminated as they were involved in Criminal Case bearing G. R. Case No. 1382/68 under Section 147, 452, 323, 325, 379 of I. P. C.

3. The colliery in due course was nationalised and after nationalisation the concerned workman again demanded from the management to allow him to resume his duties as no formal order stopping him from service was passed. The concerned workman also stated that the erstwhile management had assured him that his case for taking him back on job would be considered only after the disposal of the criminal case. Be that as it may, the matter remained hanging till the disposal of the criminal case and ultimately a judgement was passed in the Criminal Case on 5-5-80 whereby the concerned workman was found not guilty and acquitted. Again the concerned workman approached the management but it was of no use and then he raised industrial dispute before the RLC(C), Dhanbad. The matter could not be settled in the conciliation proceeding and the failure report was submitted to the Government. Unfortunately the Government of India decided not to refer the industrial dispute to Tribunal for adjudication because the name of the concerned workman was not found in the register of the colliery when the control and management of the colliery was taken over by the Govt. Ultimately the concerned workman had to knock the door of the Hon'ble High Court and the matter was decided through Writ Petition No. CWJC. 1251 of 1984(R). The Hon'ble Court directed the Government to make reference and hence the present reference.

4. The management has filed W.S. denying the claim of the concerned workman. Firstly it was stated that the claim was overstate and hence not maintainable. The next legal point urged was that the Parliament enacted the Coal Mines Laws (Amendment Act), 1986 whereby Section 14 of the Coal Mines (Nationalisation) Act, 1973 was substituted by some other provisions with effect from 7-10-86. It was contended that Section 14(1) of the Coal Mines (Nationalisation) Act was completely deleted by the aforesaid amendment act of 1986. It was urged that in view of the amendment the concerned workman has got no right to claim any employment under the management.

5. Shri Bandhu Mahato was working as Pump Khalasi in Saunda 'D' Colliery of M/s. Bird & Co. (a private company) and on account of certain acts of misconduct on his part he was chargesheeted on 27-7-68 under the Certified Standing Orders of the Colliery. During the course of enquiry the management found him guilty. The enquiry report was examined and Bandhu Mahato was dismissed from service with effect from 14-10-68. The management has to say that in this view of the matter the concerned workman was dismissed and never stopped as claimed by him. His dismissal was by the erstwhile management and not by the present management of Saunda 'D' Colliery of M/s. C.C. Ltd. In this way it was prayed that the claim/prayer of the union should be disallowed.

6. Now from the pleading of the parties it is evident that Shri Bandhu Mahato was an employee of Saunda 'D' Colliery of Bird & Co., a private company. The workmen claim that there was a general strike in the company in the year 1968 and he was falsely implicated in a criminal case. After the strike was over he reported for duty but he was stopped but the management on the other hand allege that the concerned workman was chargesheeted for the misconduct committed by him and after domestic enquiry he was dismissed from the job of the company with effect from 14-10-68. However, the concerned workman has denied this assertion of the management. On the record there was no legal evidence to show that any domestic enquiry was conducted for any act of misconduct on the part of the concerned workman. Only the photo copy of the true copy of enquiry proceeding was available which legally could not have been brought on the record. In the beginning a few witnesses were examined on the point to ascertain as to whether any domestic enquiry had been conducted or not for alleged misconduct but that would have proved to be simply an exercise in futility and hence it was decided and held that full fledged evidence should be adduced to

prove the charges against the concerned workman as if the domestic enquiry if any held in this case were found to be unfair and against the principles of natural justice. The parties were accordingly directed and witnesses were examined. At this stage I may refer to Ext. M-3 which is a rejoinder submitted by the union to the ALC(C), Dhanbad therein it has been stated that Shri Bandhu Mahato Khalasi was dismissed from service by ex-owner of Saunda 'D' colliery at the time of strike. In such view of the matter I am to hold that the concerned workman was dismissed and not stopped from the service.

7. The photo copies of the true copies of chargesheet and dismissal order have been marked 'X' and 'Y' respectively for identification which cannot be legally referred to. Admittedly there was a criminal case and certified copy of the FIR is on the record (Ext. W-2). The recital of the FIR will show that one incident took place on 17-7-68 at about 7-30 A.M. when a mob consisting of about 17 persons shouting slogan marched to the office of the Manager. They smashed the window panes of the office of the manager and other allied officers and also caused injury to the staff. Conspicuously, it may be mentioned here that the name of the concerned workman does not find any reference in the FIR. Of course one Bandhu Bedia is there but there is nothing to show that Bandhu Mahato and Bandhu Bedia are one and the same man. Here it may be noted that reference of the FIR has become necessary in view of the fact that there is no chargesheet and the allegation as alleged by the management was almost similar to the allegations lodged with the Police. It is said that Bandhu Mahato was chargesheeted by the Police but after full dress trial by the Criminal Court he was held not guilty and so acquitted and discharged from the liability of his bail bonds. Certified copy of the judgement of the Criminal Court is Ext. W-3. Admittedly, the judgement of the Criminal Court cannot have any binding effect upon the charge levelled by the management and the order passed thereunder. However, the learned counsel for the workmen contended that it has got its own use and value for collateral purpose. At this stage one authority has been cited on behalf of the management reported in 1985 Vol. II I.L.J. page 364 wherein their Lordship held that domestic enquiry can be proceeded even after acquittal by the Criminal Court. This means the judgement of the Criminal Court either of acquittal or conviction is no bar for the departmental enquiry. Anyway, in the instant case we see that the domestic enquiry was held much earlier and the result of the criminal Court came after about 12 years.

8. Now let us see how far the management has been able to prove the charges against the concerned workman. From the evidence of the witness it appears that the main charge against the concerned workman was that he was a member of the mob and he had actively participated in rioting. Actually the allegation in the FIR was also the identical. The management has examined 6 witnesses out of which MW-1 Shri B.D. Singh, MW-2 S.P. Tewary, MW-3 Badri Prasad Singh and MW-6 Shri P. K. Malakar claimed to have seen the occurrence. Now we will see how far they are competent to speak about the occurrence as eye witness. Out of these four witnesses Shri Badri P.D. Singh is the only witness who had also deposed before the Trial Court. Remaining three witnesses were admittedly not examined in the criminal Court. This will be suggestive of the fact that they were not an eye witness otherwise the prosecution must have examined them in the criminal court. The copy of the chargesheet submitted by the Police is not on the record to show as to whether they figured as witness or not. If they were the witness in the chargesheet then the presumption would be that they wilfully avoided their appearance in the Court as witness. Here in this Tribunal they claim to have seen the occurrence. They have named the concerned workman as one of the members of the unlawful assembly participating in the incident. MW-1 stated that Bandhu Mahato was raising slogan Maro Kato. MW-3 stated that the mob was shouting slogan as (Sale ko maro pakro, jan se maro). Admittedly, the FIR before the Police was lodged by Shri A.D. Singh, Welfare Officer of Bird Saunda colliery. In the FIR there is no whisper of such unpleasant words to have been uttered by any member of the mob and the simple inference would be that such statement here before this Tribunal has been introduced as an after thought most probably to magnify the severity of the incident although little knowing about its adverse effect.

MW-1 cannot say as to who were the informant before the Police. Naturally he did not tell anything about the occurrence to the informant. MW-2 also did not tell the informant about the occurrence. The question is if they had seen any occurrence they were expected to have told the informant before an FIR was lodged with the Police.

9. MW-3 is the witness who was also examined in the criminal court at Hazaribagh. He stated in unequivocal terms that he had not named Bandhu Mahato before the Criminal Court. It remained quite unexplained as to what prompted this witness to tell the name of the concerned workman before this Tribunal when according to his own admission he had not mentioned his name before the Criminal Court. I think the only inference would be that he was tutored to state the name of Bandhu Mahato.

10. MW-6 Shri P. K. Malakar was stated to be in survey room at the time of occurrence and he claimed to have been the occurrence and identified the concerned workman while hiding himself behind a table for the members of the mob were throwing brick bats. At the time of any incident the hides on account of fear being assaulted and in the situation he cannot be permitted to say that he had taken full view of the occurrence. Again he says that the FIR of this case was lodged by him but the truth is that the same was registered by Shri A.D. Singh, the Welfare Officer. On the whole the evidence of the witness does not inspire any confidence. MW-4 and MW-5 are formal witness and they have proved a few documents which have been marked Ext. M-1 to M-3.

11. From the evidence as discussed above I am to hold that none of the so-called eye witness except MW-3 ever saw any part of the occurrence and so their statement before the Tribunal that they had seen Bandhu Mahato in the mob cannot be expected as true version and thus it is manifest that the management has completely failed to prove that the concerned workman was a member of any lawful assembly and that he actively participated in the occurrence.

12. A few law points have been raised on the point of the reference. It has been urged that the reference has been made after 20 year of the occurrence and so it is overstate and cannot be maintained under the law. Two authorities as reported in SCLJ Vol. 1 page 104 and SCLJ Vol. 4 page 228 have been cited. The concerned workman was dismissed in the year 1963 and the reference was made in the year 1988 thus giving a wide gap of about 20 years. But before giving a bad name to the reference we are also to see as to how far the concerned workman was responsible for this abnormal delay. Here I may refer to the exhibits filed on behalf of the management. Ext. M-1 is an application filed by the concerned workman to the Director of Personnel, CCI Ranchi requesting for reinstatement. In the application there is a reference that the concerned workman had also filed an application on 6-8-80. This document atleast shows that from the year 1980 the concerned workman was vigilant in pursuing the matter. M-2 is the endorsement of Dy. C.M.E. on Ext. M-1. From Ext. M-3 it appears that in the year 1973 there was conciliation. We have no other document that the dispute was raised any time prior to 1980. It may be remembered that he was acquitted by the criminal court in the year 1980 itself. There is one more document on behalf of the workman which is Ext. W-1. This document has been branded by the management as forged and fabricated. This is dated 31-1-1973 and it was a letter written by the Colliery Manager to the Secretary Koyala Mazdoor Union Saunda Colliery Hazaribagh stating that the case of Bandhu Mahato for his reinstatement will be considered after his acquittal in the Criminal case. Prima facie I find no reason as to why this document should be called forged and fabricated. But the question again arises as to why reinstatement when he was already dismissed from the service. At best it can be said that the concerned workman did not take any step till 1980 i.e. far about 11 years. Possibly that may be on account of ignorance or misunderstanding. It seems that in the year 1983 an industrial dispute was raised but lastly the Central Govt. refused to make any reference on the ground that the name of Bandhu Mahato was not in the employment of the colliery, which was nationalised under the Coal Mines (Nationalisation) Act, 1973. However, the matter went up

before the Hon'ble Court and it was referred to this Tribunal. Thus from the year 1982 to 1988 there was no latches on the part of the concerned workman of course in the beginning there was some delay which may be attributed to the ignorance on the part of the concerned workman but on the whole there does not appear to be anything intentional. In the circumstances, I am not inclined to refused the claim of reinstatement of the concerned workman on the ground of overstale reference. It is true that there is no limitation prescribed for reference of a dispute to an Industrial Tribunal even so it is reasonable that the dispute should be referred as soon as possible after they have arisen and after conciliation proceeding failed. It is also true that generally overstale claim should not be allowed or encouraged unless there is satisfactory explanation for delay. Whether a claim has become too stale or not will depend upon the facts of each case. I have already held that in the instant case the concerned workman alone was not very much responsible for such abnormal delay in the reference.

13 The next point urged by the learned counsel for the management was that in view of the Coal Mines (Nationalisation) Laws (Amendment) Act, 1986 the concerned workman stands nowhere and he cannot be reinstated. It was pointed out that by an act of amendment of Section 14(1) of the Coking Coal Mines (Nationalisation) Act, 1973 has been deleted. In this connection an unreported authority vide CWJC, 1747 of 1988 (R) was also referred to wherein his Lordship was pleased to hold that the amended act of 1986 has got its retrospective effect and substituted section 14 came into force with effect from 1-5-73. It was further held that as the four workmen were not in the employment in the Coal Mines in question on the appointed date i.e. 1-5-73 respondent No. 2 could not have directed their reinstatement.

14. Here in the present reference we find that definitely Bandhu Mahato was not in the employment of the company on 1-5-73 but the question is as to how he could have been in the employment when he was already dismissed in the year 1968. Forcibly he could not have remained in the employment of the company, when he was already dismissed and removed. I have already held that his dismissal from the service was illegal, unwarranted and without jurisdiction and the position would be that he was still in the employment of the company on 1-5-73. In such view of the matter I do not think this provision of Coal Mines Nationalisation Amended Act, 1986 can be strictly applied in the case of Bandhu Mahato. But it is equally true that Bandhu Mahato remained out of job for about 20 years and during this period he did not do any duty of the company. There was some latches on the part of the concerned workman as held above. I therefore do not propose to give him full back wages for the whole of the period.

In the result, I hold that the action of the management of Saunda-D colliery of M/s Central Coalfields Limited, P.O. Saunda, District Hazaribagh in stopping Sri Bandhu Mahato, ex-Haulage Khalasi from work is not justified. Consequently, the concerned workman is entitled to be reinstated in his job with effect from 1-5-73 with payment of 40 per cent back wages from the date of reference and other consequential benefits by the M/s. CCCL. The management is therefore directed to reinstate the concerned workman in his original job w.e.f. 1-5-73 with payment of 40 per cent back wages from the date of reference and other consequential benefits within one month from the date of publication of the Award.

This is my Award.

ANNEXURE

BEFORE SRI ARIAN DEV, PRESIDING OFFICER,
CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL-
CUM-LABOUR COURT, PANDU NAGAR, KANPUR

Industrial Dispute No. 11/1988

In the matter of dispute between :

The State Assistant General Secretary, U.P. Bank Employees Association, 36/1 Kailash Mandir, Kanpur.

AND

The Regional Manager, Bank of India, 15/54-B Virendra Smriti Complex, Civil Lines, Kanpur.

AWARD

1. The Central Government, Ministry of Labour, vide its notification no. L-12012/137/87-D-II(A) dated 3-2-88 has referred the following dispute for adjudication to this Tribunal:—

Whether the action of the management of Regional Manager, Bank of India, Kanpur in terminating the services of Sri Shiv Narain and not considering him for further employment while recruiting fresh hands under Sec. 25H of the I.D. Act, was justified? If not, to what relief is the workman entitled?

2 The industrial dispute on behalf of the workman Sri Shiv Narain has been raised by the State Assistant General Secretary, U.P. Bank Employees Union (hereinafter referred to as Union) Kanpur.

3. The case of the Union on behalf of the workman is that the bank with a view to avoid the appointment of permanent hands adopted a practice to appoint temporary/ daily rated employees for doing the duties of a regular hand and to deprive such workers of the benefits of Modified Bank Award. The Union further pleads that such temporary employees were terminated/recessed and fresh hands appointed without giving chance of employment and/or continuation of services to such temporary/terminated employees. This practice was a device to violate the provision of the modified Bank Award and I.D. Act besides an act of Unfair Labour Practice on the part of the management. It is further averred by the Union that the workman Sri Shiv Narain was appointed by the Bank at its Hassan-ganj Unnao Branch as a Peon (Sepoy) on 20-8-81 and had worked over 105 days upto 4-2-85 excluding Sundays and Holidays whereafter his services were terminated by the bank without any reason or justification. The Union alleges that the workman concerned was doing the duties of a regular/permanent nature of job of the subordinate staff but was treated as a temporary hand. The bank had neither issued any letter of appointment/letter of termination in the name of workman Sri Shiv Narain nor ever paid compensation. The workman was also not given any notice or notice pay. The bank management has thus violated the

provisions of secs 25G and 25H read with Sec. 25J of the ID Act and ID. (Central) Rules including Rules 77 and 78 of the said Rules. Violation of paras 493, 495, 507, 516, 519, 522 and 524 of the Sastry Award read with para 207 and 208 of the 1st Bipartite Settlement have been pleaded by the Union besides violation of Articles 14, 16 and 21 of the Constitution of India.

4 The Union has, therefore, prayed that the workman is entitled to be reinstated in service with full back wages and all consequential benefits.

5 The case of the Union is contested by the management bank. The bank deny the fact that it adopted practice to appoint temporary/daily rated employees in the manner alleged by the Union. The bank plead that the casual persons are employed whenever work of casual nature arises. It is wrong that the employment of such casual daily rated employees is violative of provisions of any award or Industrial Disputes Act or is Unfair Labour Practice. The bank further pleads that Sri Shiv Narain was engaged by the bank intermittently for short intervals. He never worked for more than 2 or 4 days continuously. He was engaged for 18 days in the year 1981, for 16 days in the year 1982, for 32 days in the year 1983, for 36 days in the year 1984 and for 3 days, in the year 1985. The management has also gave a month wise employment of the workman in para 4 of its reply. It is further averred by the management that Sri Shiv Narain a resident of same place where the bank's Hassanganj Branch is situate in the rural area in the District Unnao. Sri Shiv Narain was engaged by the bank in case some staff was not available. It is denied by the bank that the services of Sri Shiv Narain was terminated by it.

6. The bank further deny that Sri Shiv Narain was working/doing the work of a regular and permanent nature. The bank also deny violation of any of the provisions of Bipartite Settlement/Sastry Award or Articles of the Constitution of India as has been alleged by the Union in its claim statement. The head office of the bank by circular letter No. PERS MLP.80/9 dated 31-12-80 laid down guidelines for making casual employment in subordinate cadre, particularly in case of Badli Sepoys. The bank decided to prepare a panel for casual employment. According to the guidelines a casual appointment could be made for not more than 4 days at a time and not for more than 60 days in a year. Since Sri Shiv Narain was a casual employee it was not necessary for the bank to consider him for future employment in view of the policy decision taken by the bank.

7 The Union filed its rejoinder but no new facts have been alleged by it in the rejoinder.

8 Whereas in support of its case the Union examined Sri Shiv Narain, the management have in support of their case, examined Shri Mohd Ashrat Siddiqui, an officer of the bank.

9 From the above pleadings of the parties it is clear that Shri Shiv Narain was engaged by the bank intermittently. Whereas the Union has set up the case that the workman Sri Shiv Narain had in all worked for 105 days, the bank have admitted the above working of the workman. The management witness Sri Mohd. Ashrat Siddiqui has corroborated this fact in para 3 of his affidavit. Thus there remains no dispute between the parties that the workman had worked for 105 days during the periods 1981 to 1985.

10 The workman in para 3 of his cross examination has admitted that whenever a permanent member of sub-staff proceed on leave he was engaged by the bank. He has further deposed that he was never called by the bank for any interview in connection with the permanent appointment by the bank. He further stated that his name was registered with the Employment Exchange in the year 1979 or 1980. He expressed his ignorance on the point that his name was ever sponsored by the Employment Exchange to the bank for interview/test. He was also unable to tell whether or not the bank conducted test/interview in the year 1984 for the recruitment of sub staff. In para 5 of his cross examination Sri Shiv Narain has further stated that one Sri Lalta Prasad worked in Bank's Hassanganj Branch

and he was made permanent. He was unable to tell as to when Sri Lalta Prasad was made permanent.

11 From the above statement of the workman it becomes abundantly clear that he was never subjected to regular process of recruitment in the subordinate cadre of the bank. Being so he would be deemed to be a casual worker and not a temporary employee of the bank.

12 The management witness in para 5 of his affidavit has deposed that Sri Shiv Narain used to present himself at Hassanganj Branch at his will and whenever any permanent workman was absent, on leave or otherwise, the manager Hassanganj Branch used to employ Sri Shiv Narain or any other person. The management witness was not confronted by the authorised representative for the Union on this point. This fact was also admitted by the workman in his cross examination. Thus it stands proved that the engagement of Sri Shiv Narain was against leave vacancy during the periods 1981 to 1985, and in all he had worked for only 105 days.

13 Be it as it may, the question is whether the workman is entitled to the benefits of the ID Act. Admittedly the workman had worked for 105 days which is much less than 240 days of work in a calendar year, therefore, in his case the provisions of sec. 25F, 25G and 25H of the ID Act would not apply. For the application of section 25F ID Act, it is necessary that the workman must have been in continuous service for not less than one year under any employer prior to the date of his termination/retranchment. Section 25G of the ID Act is to be read with Rules 77 of the ID. (Central) Rules and Sec 25H of the ID Act is to be read with Rule 78. Rules 77 and 78 apply to a workman as defined in Rule 76 of the ID. (Central) Rules and according to Rule 76 such a workman should be a person who had worked continuously for not less than one year prior to the termination of his services. Continuous one year service within the meaning of Section 25 of ID Act, means working for 240 days atleast during a year. Therefore, in his case the provisions of Section 25G, 25H of the Act too are not applicable.

14 I may make it clear that it is a matter of common knowledge that in the banking industry there is a regular procedure for the permanent recruitment in the bank's subordinate cadre. Therefore, individual managers are not empowered to recruit persons of their own accord. In view of it Sri Shiv Narain can never have any vested or legal right of claiming any appointment in the subordinate cadre of the bank or even claiming continuous temporary engagements against leave vacancies.

15 The authorised representative for the Union has argued that the management indulged in unfair labour practice by appointing temporary employees on casual basis. I find no force in it. The Union has not named persons either in its pleadings or in its rejoinder as to who were the persons who were so appointed by the management prior to their appointment.

16 Therefore, from the above discussions of facts and law I find that the Union has failed to prove his case that the workman was appointed against a regular vacancy of a peon (Sepoy) by the management and also that the bank violated the provisions of modified Awards of the bank besides violations of Articles of the Constitution of India.

17 Hence it is held that the action of the management in terminating the services of the workman and not considering him for further employment while recruiting fresh hands is justified. Accordingly the Union/workman is held entitled to no relief.

1. Reference is answered accordingly.
